Energy Efficiency Rating D.

Full Description:

Built around 1880, this Victorian semi-detached home is beautifully presented, offering a blend of period charm and contemporary living. Both the living room and dining room have feature stone fireplaces, with bi-fold doors separating the rooms.

A rear extension has created a 19'3 long kitchen with an arch opening to a breakfast room with roof lantern and glazed bi-fold doors to the southerly garden.

A split landing gives the option of heading to the modern bathroom with its roll-top bath and separate shower cubicle, or to the bedrooms. The two double bedrooms have period fireplaces and there is a further single bedroom.

Stairs lead up again to the loft room, which has its own door but does have restricted head height throughout. Externally, the rear garden is mainly laid to lawn along with an 11'11 by 11'10 decked area to the side, perfect for those summer barbeques. The final piece of the picture is off-street parking for several cars. A lovely home!
